The District is on a cash-basis accounting method, which most governmental agencies are in the State of Illinois.

All funds have positive balances with the exception of the bond fund and audit fund. The bond fund has a deficit of $30 due to a small calculation error; audit fund due to the State of Illinois cash versus accrual basis method choice.

Pages three through nine contain management’s discussion and analysis of the District’s financial activities for the fiscal year ended March 31, 2019. This clarifies the financial statements included in the annual report.

He gave the details. At this point, the IDNR has pledged full funding with their agreement and IDOT will do the construction engineering. The VCCD is responsible for the construction costs.

Agenda item nine c. Kennekuk Environmental Education Center Phase II and III Feasibility Study Committee. Second Vice President Staske had no report.

Trustee Johnson commented that while everyone would like to see the completion of Phases II and III, does the District have the resources to maintain that down the road?

Trustee McLain commented that the pro versus con seems out of balance. She stated that she does not think now is the time to pursue that further.

This concluded Representative Reports.

Agenda item ten: Report from the Executive Director. Executive Director Pasquale reported that a report from the insurance company was provided to the trustees regarding the hail damaged buildings. The recovery value of the buildings is $165,077, and damages are estimated at $117,655. They are sending checks for damage repair. He does not know how long the District has to complete the repairs. The plan may be hiring several contractors and purchase materials ourselves, since the District does not have staff and time available to complete all the work. This will help keep us within the insurance estimates. The roofs at Forest Glen will need total replacement with the possible exception of Audubon Barn. Most of the roofs can be replaced with metal.

Charlie Rhoden, Forest Glen Superintendent, stated that the damaged roofs are not leaking. The asphalt roofs life has been cut down; the metal roof at Audubon seems to be mostly cosmetic.

Discussion ensued regarding roof repair and replacement as seen by the insurance company.
Work on the KRT section from Oakwood to Gray’s Siding Road is progressing. Overall trail finish work is expected to be completed in a month. Once the section is totally finished, a dedication ceremony will be planned.

The old concession building at Lake Vermilion is now gone, the dock it was sitting on is still there and will be disposed of when the gas pump and lines can be moved professionally. There are funds left in the account from the Hegeler Foundation donation.

The prep work at Beech Grove Trail Project at Forest Glen is complete and ready for repaving. The Middlefork Audubon Society has been a tremendous help raising funds for this project in conjunction with the Marilyn F. Campbell Memorial at the trail. They received a $20,000 grant from the Wheeler Foundation and raised approximately $15,000 privately. Marilyn was employed by the VCCD for many years and served as Illinois State Audubon President. We are currently waiting on Ribbe Trucking to lay the asphalt along the trail. A dedication will be set for this as well. The Beech Grove Trail is unique in that it is location through a State Nature Preserve area.

The Trustees were also provided with tax levy reports for review, along with minimum wage information.

Executive Director Pasquale recognized Charlie Rhoden, Forest Glen Superintendent, who will be retiring on September 30, 2019, after 46 full-time years with the District. Charlie began as summer help in 1970. All present congratulated him on his endeavors. Second Vice President Staske stated that he will be missed.

The next VCCD Board of Trustees Meeting will be Wednesday, October 16, 4:30 p.m.; Forest Glen Preserve.

Agenda item ten a. Report from the Director of Administration and Personnel. Associate Director of Administration and Personnel Fox gave no report.

Trustee Johnson congratulated Superintendent Charlie Rhoden on his accomplishments and wished him a happy retirement.

With no further discussion and all business transacted, Trustee McLain moved to adjourn the meeting at 5:52 p.m. This was followed by a second from Trustee Johnson. All in favor by acclamation.
